

Local experience, proven service, stable leadership – that’s what you can expect from me.

I’ve worked hard to restore good governance so we can get on with delivering for the good of Perth.

My vision if re-elected is this:

SAFE & SECURE

I want a safe, friendly, and inviting Perth. I’ll continue to advocate for safer public places including more lighting, CCTV, Rangers, and a strong working relationship with WA Police. I’m confident that we can make Perth the safest capital city in Australia.

CREATIVE & CULTURAL

I support small and large-scale events, major festivals, artworks, and cultural events to enhance the vibrancy of our city. Local activations, venue support grants, & event sponsorship needs a boost – I’ll advocate for an increase to funding for the arts across all areas.

COMMUNITY FOCUS

I brought the co-designed Ratepayer Budget Forum to Council to hear directly from you. I’ve worked with neighbourhood groups to build in priorities at the front end of the budget process to deliver services that community wants including: more community facilities, playgrounds, public restrooms.

CITY-SHAPING PROJECTS

I want to make sure we deliver the East Perth Sport & Rec Hub to attract more families to live in the city. The Claisebrook Cove & James Street redevelopments will bring new life into existing areas & I want to make sure we deliver on the Hay Street upgrade to reimagine West Perth with a vibrant atmosphere. I take a pipeline approach to delivering so we keep delivering.

QUALIFICATIONS & EXPERIENCE

I’m qualified in Town Planning, Project Management, Music, & Retail. I have been employed in local government and worked across strategic & statutory planning, governance, transport, and tourism.

I’ve served as Deputy Mayor of Perth & Joondalup, Chaired Policy & CEO Performance Review Committees – I advocate for Perth at the DAP, WALGA, & Tamala Park managing rubbish collection.

I’m **passionate and driven**, and I humbly seek your support to continue serving you.
