

Exciting Times Ahead for Perth

Perth is entering a phase of unprecedented growth. To maximise these opportunities, we need strong, stable and experienced leadership.

My vision is for Perth to be the safest and most vibrant capital city in Australia a place where residents, businesses and visitors can thrive. My focus is clear: keeping our city safe, green, vibrant, connected and growing.

SAFE & STRONG

I've led Perth's largest community safety forum and delivered real action with WA Police. I'll continue pushing for better lighting, CCTV and working with all stakeholders to make our streets safer. Together, we can make Perth Australia's safest capital city.

VIBRANT & THRIVING

I back major events, street festivals and cultural projects that attract people and support local business. Protecting our heritage buildings and neighbourhood character is essential growth must enhance, not erase, what makes Perth unique. Smart, sustainable development will ensure our city's growth strengthens the Perth we love.

COMMUNITY & CONNECTION

I've worked to give residents and businesses a real voice, from neighbourhood priorities to budget forums. My family has called Perth home since 1829. I've built businesses here, raised my family here, and for more than 30 years volunteered through Rotary, community groups and charities.

CITY-SHAPING PROJECTS

Close to 20 transformative projects are underway. Some are nearing completion, like ECU and the WACA Aquatic Sports Hub. Others are beginning, like East Perth Primary School and the Perth Concert Hall upgrade. More are approved and ready to go, including the Carillon and Gloucester Park redevelopment. These projects are about more than bricks and mortar they include greening Perth with more trees, shade and open spaces, creating a cooler, healthier and more welcoming city for everyone.

Perth deserves steady hands, clear vision and leadership you can trust. With your support, I'll keep Perth safe, stable, green and strong.
